

Introducing...

In addition to providing the highest standards in pet cremation, the Butler Family is pleased to announce that an option for local pet burial is now available at Roselawn Memorial Park.

Roselawn Pet Cemetery has been specifically designed to provide for:

Private Burial Services

Single or multiple spaces available for both traditional or cremation burial in a beautiful, park-like setting.

Graveside Ceremonies

Many families appreciate the opportunity to say good-bye to a beloved pet in a setting designed to allow their family and close friends to be with them. Using rituals can be a meaningful way to both honor a faithful companion and to begin the healing process.

Permanent Memorialization

We offer many options for permanent memorialization and remembrance. A variety of pet caskets, urns, and grave memorials are available. Keepsake items, including Buddies™ Paw Print Jewelry also available.

*Pets come into our lives to teach us about love;
they depart to teach us about loss.*
